

Lee Cares

The Lee Cares Basic Needs application has come to an end. Through the Department of Education's Higher Education Emergency Fund (HEERF), made possible by the CARES Act 2020, Lee College has proudly assisted 6313 (unduplicated) students and distributed a total of \$10,638,495 to students with varying levels of need through our application process from 2020-2022.

While the Lee CARES Basic Needs application has ended, Lee College continues to care for our students. Lee College will continue to provide emergency assistance for our students via resources available through the Student Resource and Advocacy Center, School Debt Forgiveness program, and our Disability Services office. If you need assistance, please see our resources outlined below.
