Priscilla Guzman

My goal is to find a stable job when I graduate from Lee College. That would not have been possible without the support of the Student Resource & Advocacy Center. They provided me with daycare cost assistance and allowed me to attend in-person classes. I believe Lee College students could benefit from the Student Resource & Advocacy Center because they are helpful to students and their gainful services inspired me to persevere. I am grateful for the opportunity and couldn't have accomplished my goals and stayed motivated throughout my semesters without their help.
