

Enhanced Services for Online Learning

All Lee College students have access to Library resources and services, whether attending classes in person or through online education. Much of what students need is available through the library's section of this site, subscription databases, and in Blackboard. However, some needed resources are found *only* on shelves in the library.

We encourage all students to visit the library and make use of the services and information tools available there. *Some* Online Learners qualify for enhanced services. Here are the eligibility requirements for enhanced Online Education Services:

- Students must be enrolled in only Online Learning courses in the term in which services are requested.
- Students must reside outside Lee College tax district. (Geographically, the tax district is found in those portions of Harris and Chambers counties served by the Goose Creek Consolidated Independent School District. See: [Admissions](#))

If you qualify for enhanced services, contact the Online Education Librarian at 281.425.6380, or use the [Ask a Librarian form](#) and specify your DE needs.
