

Lee volleyball wins All-Region and All-Conference honors

BAYTOWN, TX — Despite early injuries that threatened to derail the 2015-16 volleyball season when it had hardly begun, the Lee team fought its way to a 22-10 over all and regional and conference recognition for its high-performing student-athletes.

“We had a really good season,” said Head Coach Tracie Johnson, noting that many players learned multiple positions to be prepared to conquer any challenge they faced on the court. The team won the Midland College Tournament, Cedar Valley Tournament, Yavapai College Tournament and its own invitational en route to a second-round finish at the NJCAA Region XIV Tournament.

“Everybody came together and worked hard; everyone contributed,” Johnson said. “This team had great chemistry and a true love of the game. They had the passion.”

That passion and commitment to their sport led six Lee teammates to NJCAA All-Region and All-Conference awards. Sophomore Alondra Bautista and freshman Madison Otis earned First Team honors; sophomore Allie Deese and freshman Shelby Wade earned a spot on the Second Team; and sophomores Julia Mauer and Bethany Covington earned Honorable Mention.
