

Shared College Coordinators

Welcome

The Shared College Coordinators (SCC) department at Lee College consists of individuals who provide a variety of support services to help students successfully transition to a post-secondary education of their choice.

Shared College Coordinator Mission

The mission of the Shared College Coordinator Department is to foster collaborative partnerships between our community college and local high schools to facilitate seamless transitions for graduating seniors into higher education and career paths. The Shared College Coordinator (SCC) works closely with high school seniors and their families to provide comprehensive college and career advising, including promoting community/junior colleges, technical programs, exploring four-year university options, and assisting with career exploration. Through campus visits, college fairs, informational sessions, and one-on-one advising, the SCC aims to demystify the post-secondary experience. The Shared College Coordinator Department seeks to guide all graduating seniors to the programs and institutions that best fit their educational and career goals.

Meet the SCC Team

Amanda Lavender

Goose Creek CISD
